

# Gratnells

## Sort ED

## SortED

A range of inserts designed to be flexible and useable in shallow and deep Gratnells trays. Inserts can accommodate a variety of parts and spares from robotics and coding to STEAM and Craft activities. The system enables the division of a Gratnells tray to between 2 and 8 sections.

SortED inserts are also useful in early years for easy deployment of resources throughout the classroom reducing set-up and take-down time. Available with Biocote protection.

## Features and benefits

- SortED is the latest in-tray organisation and is compatible with Gratnells shallow and deep trays.
- The new SortED inserts have been designed to support teachers and technicians create a safe and manageable environment
- Supports the organisation of resources and cleaning equipment that will be required during the school day
- Easily maintain a high level of cleanliness and avoid any cross-contamination between cleaning items
- Allows all necessary equipment to be stored in one place and is easily accessible.
