

MAKERSPACE CART

Ideal for collaborative STEM-based project work.

The easy-to-maneuver MakerSpace Cart gives teachers the ultimate flexibility, allowing learners to collaborate and create using materials stored in the combination of trays, inserts, hooks and mini-bins. The metal top and back panel give learners additional planning space and work surface where they can test their ideas,

encouraging independence and supporting student-led learning. The tilted deep trays give the unique flexibility for learners to view the contents whilst working.

StopSafe runners ensure that the shallow trays are stored securely and can only be pulled out up to a certain point, allowing safe access to resources for children.

13 tray colors

09 Flame Red

Product	MST0144
Dimensions	H61.8" x W42.9" x D17.3"
Weight	99.9 lbs
Boxes	3
Material	Steel
Delivery	Flat packed

MAKERHUB

Move resources to a new space and give students the chance to practice their presenting skills.

A maneuverable collaboration hub that promotes group work and facilitates presentation by students, the MakerHub can also be a flexible teacher hub that can be moved anywhere in the classroom. Boost subject-based learning by storing custom resources in the trays

under the easy-lift magnetic whiteboards. The lightweight, maneuverable MakerHub allows students to relocate within the learning space for quiet time away from others, which is particularly important for those with additional learning needs.
