STORAGE
SOLUTIONS
FOR ALL
YOUR SPACES

NEW & IMPROVED FOR 2024

STOPSAFE TRAYS have added a built-in stop to eliminate the need for a StopSafe clip, turning two products into one! The new StopSafe trays work seamlessly with our StopSafe runners to provide extra safety.

The StopSafe Tray Stop prevents trays from being fully removed accidentally.

TOP-FIXING RUNNERS with StopSafe turn any surface into a storage solution. The StopSafe feature ensures that Gratnells trays are held securely in place, preventing them from slipping or tipping out. These runners are molded from lightweight and durable polypropylene, ensuring that the product is long-lasting and can withstand heavy use.

DYNAMIS LAB & HEALTHCARE features a drop-in steel, lipped top that aids in spill and item containment. We incorporate an antimicrobial additive proven to be effective against a wide range of microbes.

ASK US ABOUT THESE PRODUCTS!

WHY GRATNELLS?

Gratnells is the global leader in tray storage, with market knowledge spanning more than fifty years. Our complete line of high-quality trays and associated furniture related accessories are designed specifically for education and allow for seamless furniture integration.

Our range of products is extensive, giving flexible options to personalize learning spaces according to user needs.

But Gratnells is not just a manufacturer. We are unique in working collaboratively with teachers, school leaders, designers and academics to optimize learning spaces. We design for today's teaching – putting the curriculum, safety, and sustainability first.

At the heart of everything we do is the desire to improve the learning environment and outcome of every child that encounters a Gratnells product.

MAKERSPACE CART

Ideal for collaborative STEM-based project work.

The easy-to-maneuver MakerSpace Cart gives teachers and learners the flexibility to collaborate and create using materials stored in the combination of trays, inserts, hooks, and mini-bins. The metal top and back panel offer additional planning space and work surface where they can test their ideas.

Mini bins are GREEN on all!

CART INCLUDES

- 3 deep trays
- 12 shallow trays
- 12 green mini bins
- roll holder
- 5 single hooks
- 5 double hooks

Student-led learning

Sturdy, powder-coated, hard-wearing steel

Large braked casters to secure position

MAKERHUB

A moveable resource that allows students to practice their presenting skills.

A lightweight collaboration hub that promotes group work and facilitates presentations by students, the MakerHub can also be a flexible teacher hub that can be moved anywhere in the classroom. Boost subject-based learning by storing custom resources in the trays under the easy-lift magnetic whiteboards.

Double-sided magnetic whiteboards provide plenty of collaboration space
